

Concept:

- Creation of a permanent outdoor batting cage complex within the Mattawan Little League site.

Parameters:

- Concrete base for clean operation, longevity of use, and exact dimensions.
- Fenced walls, ceiling, and door providing protection for players and visitors.
- Turfed batting area with professional backstop.
- Three adjacent cages located west of the concession stand. Location to provide easy access for players and equipment. Location is also highly visible to promote use.
- Size to be consistent with existing MLL cage netting. 12' high x 14' wide x 70' long
- Cage ceiling options dependent on mounting needs.
- Size of complex to allow for access from main drive to concession building.
